

MOHIT SARDANA

Gurugram, India | +91-9812571880 | mohitsardana23@gmail.com | LinkedIn

PROFESSIONAL SUMMARY

Marketing and growth leader with 11+ years of experience building consumer brands, scaling paid campaigns, and driving revenue across India and APAC. Career spans Meta, high-growth agencies, mobile-first startups, and D2C brands, with hands-on ownership across user acquisition, full-funnel performance marketing, and strategic partnerships. Comfortable managing multi-million dollar budgets, building teams, and working closely with founders and CMOs to deliver measurable business impact.

CORE SKILLS

Performance Marketing | User Acquisition | Full Funnel Marketing | D2C Growth | Campaign Strategy | Media Planning | Mobile Growth | Brand Partnerships | Creator & Agency Management | GTM Execution | Attribution & Measurement | Team Building | Revenue Growth | Analytics & Reporting

PROFESSIONAL EXPERIENCE

Client Solutions Manager | Meta (via Ushta Te) | Gurugram

Oct 2025 - May 2026

- Led end-to-end account structure and ad strategy for MetaGo, a GLP-1 health advertiser in a heavily regulated category.
- Improved D1 ROAS by ~15% for two major health clients through structured audience insights and experimentation programs.
- Led the Samsung S26 campaign launch in partnership with Samsung and their agency, driving the full media plan, insights, and reporting.
- Managed strategic partnerships for enterprise advertisers across Media & Entertainment, FMCG, and D2C categories.
- Built AI-powered automated workflows to streamline recurring reports, ad account diagnostics, and campaign troubleshooting.

Growth & Performance Marketing Consultant | Independent | Remote

Feb 2024 - Oct 2025

- Advised D2C brands and app-first startups across the US, UK, and India on acquisition, retention, and growth strategy.
- Managed full-funnel paid campaigns across Meta, TikTok, Apple Search Ads, and Google focused on profitable scale.
- Improved campaign efficiency by 30% through disciplined A/B testing of creatives, audiences, and bidding strategies.
- Improved D1 ROAS by 10 percentage points and D3 retention by 12 percentage points for gaming clients through structured experimentation.

D2C Head, Consumer & Performance Marketing | MARS Cosmetics | Delhi

Aug 2023 - Feb 2024

- Scaled ad spends 3x while maintaining consistent ROAS across paid media, affiliate, and influencer channels.
- Built automated user journey flows covering the full path from ad exposure to second purchase.
- Developed GTM strategies for new product launches targeting both existing customer cohorts and new acquisition audiences.
- Set up attribution infrastructure and analytics frameworks for data-driven campaign optimization across all channels.
- Initiated full-funnel marketing covering ecommerce, organic social, affiliates, and creator partnerships.

Head of User Acquisition | Blitz Growth | Bengaluru

May 2021 - Aug 2023

- Built and managed a UA team of 8, overseeing 12 clients globally across ecommerce, quick commerce, gaming, and crypto.
- Managed budgets of ~\$5M across social, search, display, and video platforms with focus on efficiency and long-term user value.
- Improved D7 retention and D30 ROAS for gaming and utility clients by up to 30% through segmentation and creative optimization.
- Took a dating app to top of app store charts and helped a game acquire 1M users in 3 months through GTM and UA strategy.
- Built analytics infrastructure including ROAS tracker and cost-revenue simulation model to align spend with business goals.

Business Partner, Sales, Data & Strategy | Facebook | Gurugram

Jan 2020 - Apr 2021

- Led revenue and growth driver tracking initiatives to support the sales team in meeting quarterly quota targets.
- Helped Tier 1 advertisers reduce media costs by up to 20% through benchmarking, auction predictions, and frequency optimization.

- Built automated reporting systems improving visibility into account performance and surfacing growth opportunities.

Paid Social Lead | [Performics](#) | Gurugram

Jun 2017 - Dec 2019

Uber Eats

- Led growth from 2 cities to 30 cities across India through first-transaction performance campaigns on Meta.
- Reduced CAC by 35% using structured A/B testing across campaign types, creatives, and audience segments.
- Built breakfast, lunch, and dinner cohorts from behavioral data to drive higher intent and conversion.

Uber Rides

- Reduced branding campaign costs by up to 60% using Facebook's Reach and Frequency buying model.
- Improved brand lift by 3 points through tactical creative sequencing and cohort-based targeting.
- Scaled spends by 200% and improved new user efficiency by ~30% through channel distribution and experimentation.
- Managed simultaneous rider and driver acquisition campaigns across India, Sri Lanka, Bangladesh, Australia, NZ, and Singapore.

Airtel, Vistara & Others

- Audited paid social campaigns and delivered strategies to address creative fatigue and audience saturation.
- Helped client teams run A/B tests in structured environments to improve campaign efficiency and reduce acquisition costs.

WordPress Developer & Digital Growth Associate | [Techviz.com](#) | Remote

Jan 2013 - Apr 2015

- Built and managed content and growth initiatives for a technology-focused digital media platform.
- Grew organic traffic through SEO-led publishing, content planning, and audience engagement strategies.
- Worked with brands on sponsored content, affiliate partnerships, and digital monetization.
